

Commercial L Termination

Benefits & Features

- Minimum of 5% lead content
- Plated finish
- Non RoHS compliant
- Improved thermal cycle stability

Programs Supported

- Military
- Space
- High reliability
- Commercial

- Not vulnerable to Whisker growth
- Compatible with both Pb and Pb-free solder processes
- Easy-To-Buy-From philosophy

Applications

- Mission-Critical

Voltage	6.3V – 3000V
Dielectrics	X7R, NP0/C0G X5R (limited availability)
Cap Range	Commercial
Case Sizes	Commercial
KEMET PN	C0603C104K4RAL
